American-Built Packets and Freighters of the 1850s William L. Crothers 2013-05-24 Up and down the Eastern seaboard during the 1850s, American shipyards constructed numerous large wooden merchant sailing vessels that formed the backbone of the commercial shipping industry. This comprehensive volume appraises in minute detail the construction of these ships, outlining basic design criteria and enumerating and examining every plank and piece of timber involved in the process, including the keel, frames, hull and deck planking, stanchions, knees, deck houses, bulworks, railings, interior structures and arrangements. More than 150 illustrations illuminate the size, shape, location and pertinent specifics of each item. Complete with a glossary of contemporary industry terms, this work represents the definitive study of the mid-nineteenth century's great American-built square rigged ships.

Scientific and Technical Aerospace Reports 1994 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database.

A Complete Concordance to the Holy Scriptures ... By Alexander Cruden ... The Tenth Edition, Carefully Revised and Corrected ... To which is Added, an Original Life of the Author by Samuel Blackburn . With a Portrait 1841

The New Biographical Dictionary of Film David Thomson 2010-10-26 For almost thirty years, David Thomson’s Biographical Dictionary of Film has been not merely “the finest reference book ever written about movies” (Graham Fuller, Interview), not merely the “desert island book” of art critic David Sylvester, not merely “a great, crazy masterpiece” (Geoff Dyer, The Guardian), but also “fiendishly seductive” (Greil Marcus, Rolling Stone). This new edition updates the older entries and adds 30 new ones: Darren Aronofsky, Emmanuelle Beart, Jerry Bruckheimer, Larry Clark, Jennifer Connelly, Chris Cooper, Sofia Coppola, Alfonso Cuaron, Richard Curtis, Sir Richard Eyre, Sir Michael Gambon, Christopher Guest, Alejandro Gonzalez Inarritu, Spike Jonze, Wong Kar-Wai, Laura Linney, Tobey Maguire, Michael Moore, Samantha Morton, Mike Myers, Christopher Nolan, Dennis Price, Adam Sandler, Kevin Smith, Kiefer Sutherland, Charlize Theron, Larry Wachowski and Andy Wachowski, Lew Wasserman, Naomi Watts, and Ray Winstone. In all, the book includes more than 1300 entries, some of them just a pungent paragraph, some of them several thousand words long. In addition to the new “musts,” Thomson has added key figures from film history–lively anatomies of Graham Greene, Eddie Cantor, Pauline Kael, Abbott and Costello, Noël Coward, Hoagy Carmichael, Dorothy Gish, Rin Tin Tin, and more. Here is a great, rare book, one that encompasses the chaos of art, entertainment, money, vulgarity, and nonsense that we call the movies. Personal, opinionated, funny, daring, provocative, and passionate, it is the one book that every filmmaker and film buff must own. Time Out named it one of the ten best books of the 1990s. Gavin Lambert recognized it as “a work of imagination in its own right.” Now better than ever—a masterwork by the man playwright David Hare called “the most stimulating and thoughtful film critic now writing.”
