Salome of the Tenements Anzia Yeziarska 1995 Salome of the Tenements shocked many critics and writers when first published in 1923, but its author was immediately hailed as a major new talent. A love story of a working-class Salome and her highborn John the Baptist, the novel is based on the real-life story of Jewish immigrant Rose Pastor's fairytale romance with the millionaire socialist Graham Stokes. It also reflects Yeziarska's own aborted romance with the famous educator John Dewey. Yeziarska's passionate but cynical novel poses oppositions such as cultural type/stereotype, passion/reason, and ethnic identity/assimilation, and it resonates powerfully to the contemporary reader.

**God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families** Terry M. Turner 2017-12-18 "God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity. Readers familiar with the deep, rich reservoir of African American family literature will recognize many of the black scholars referenced in this work. Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature. "This work will become a different kind of guide for studying American history through the lens of the African American family. Underneath all the research is the search for answers to the compelling questions: Is there a correlation between slave owners' denial to slaves, God's design for the family, and the familial chaos that has plagued African American families for more than a hundred fifty years? And if there is connection, what is it? "The author has brought something new to a familiar topic of discussion—the Bible. The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture. In this work, the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture. In so doing, Dr. Turner skillfully attempts to help readers make sense of the story of black families in America. May this book mark the beginning to a new reality for African American families" (Dr. Willie Peterson, senior executive advisor, adjunct professor of Pastoral Ministries, Dallas Theological Seminary).

The Stuff of Literature Edward A. Levenston 1992-01-01 The total meaning of a work of literature derives not only from what the words mean, but from what the text looks like. This stuff of literature, graphic substance or the physical raw material, is explored here in Levenston's comprehensive survey. Levenston discusses the main literary genres of poetry, drama, and fiction, and the extent to which they may be said to exist primarily in written or spoken form, or both. He then examines spelling, punctuation, typography, and layout, the four graphic aspects of a text which an author can manipulate for additional meanings. Also explored are the problems raised for translators by graphically unusual texts--and by the possibility of producing graphically unusual translations--and some of the solutions that have been found. A wealth of examples and analysis is offered, including poetry from Chaucer to Robert Graves and e. e. cummings; fiction such as Tristram Shandy, Ulysses and Finnegans Wake; works from Samuel Richardson to Ronald Sukenik; drama from Aristophanes to Bernard Shaw, and Shakespeare. Attention is also paid to graphic contributions in other literary traditions, from the Hebrew of the book of Psalms to Guillaume Apollinaires's "Calligrammes".

The Confessions Of St. Augustine St. Augustine of Hippo 2012 This volume is accurately annotated, including \* an extensive biography of the author and his life Confessions (Latin: Confessiones) is the name of an autobiographical work, consisting of 13 books, by St. Augustine of Hippo, written between AD 397 and AD 398. Modern English translations of it are sometimes published under the title The Confessions of St. Augustine in order to distinguish the book from other books with similar titles. Its original title was "Confessions in Thirteen Books", and it was composed to be read out loud with each book being a complete unit. The work outlines Augustine's sinful youth and his conversion to Christianity. It is widely seen as the first Western autobiography ever written, and was an influential model for Christian writers throughout the following 1000 years of the Middle Ages. It is not a complete autobiography, as it was written in his early 40s, and he lived long afterwards, producing another important work (City of God); it does, nonetheless, provide an unbroken record of his development of thought and is the most complete record of any single person from the 4th and 5th centuries. **The Myth of the Holy Cow** Dwijendra Narayan Jha 2002 The growth of religious fundamentalism in India is symbolized by the existence of a BJP government committed to the Hindutva. There is growing pressure to declare the cow a sacred, national animal and to ban its slaughter. This illuminating work is a response to this crazed confessionalism. It challenges obscurantist views on the sanctity of the cow in Hindu tradition and culture. Dwijendra Narayan Jha, a leading Indian historian, argues that beef played an important part in the cuisine of ancient India, long before the birth of Islam. It was very much a feature of the approved Brahmanical and Buddhist diet. The evidence he produces from a variety of religious and secular texts is compelling. His opponents, including the current government of India and the fundamentalist groups backing it, have demanded that the book should be ritually burned in public. It has already been banned by the Allahabad High Court and the author's life has been threatened.

**Hitler's Art Thief** Susan Ronald 2015-09-22 The world was stunned when eighty-year old Cornelius Gurlitt became an international media superstar in November 2013 on the discovery of over 1,400 artworks in his 1,076 square-foot Munich apartment, valued at around \$1.35 billion. Gurlitt became known as a man who never was - he didn't have a bank account, never paid tax, never received social security. He simply did not exist. He had been hard-wired into a life of shadows and secrecy by his own father long before he had inherited his art collection built on the spoliation of museums and Jews during Hitler's Third Reich. The ensuing media frenzy unleashed international calls for restitution, unsettled international relations, and rocked the art world. Susan Ronald reveals in this stranger-than-fiction-tale how Hildebrand Gurlitt succeeded in looting in the name of the Third Reich, duping the Monuments Men and the Nazis alike. As an "official dealer" for Hitler and Goebbels, Hildebrand Gurlitt became one of the Third Reich's most prolific art looters. Yet he stole from Hitler too, allegedly to save modern art. Hitler's Art Thief is the untold story of Hildebrand Gurlitt, who stole more than art-he stole lives, too.

**Confessions of a Cock-Eyed Optimist** Nigel Quiney 2014-09-25 This volume continues to explore the life of Nigel Quiney during the decade of the nineteen-seventies. Both his companies - Nigel Quiney Designs, and Ridley Quiney & Co Ltd - are successful and expanding. By then the decade of the 'sixties and Swinging London was maturing and London had become an extremely popular tourist destination drawn to the creativity of the theatre, music, fashion, designs and the arts generally. It was in this decade that Nigel began to explore the Far East as a source for new products and suppliers for the family business of RQ and Hong Kong was the first of many destinations that he explored. Later in 1976, having accepted one of the official invitations to visit China he flew the tortuous journey to Peking and then by train to Dairen and then Tientsin. In Dairen he was privileged to be shown the underground tunnels and excavations which took many years to create and were part of a defence system should the Russians invade. Back in Peking he was wandering around filming in Tiananmen Square which was packed with people and giant wreaths out to commemorate the death of Chou En-Lai. He was ushered away by his Chinese interpreter just before the authorities swooped and confiscated all film and

arrested the few foreigners who were later jailed. He had escaped by just minutes. The same year Nigel was introduced to the amazing aspects of Bombay and touring Rajasthan by car. There he stayed at several palaces that had only just been turned into hotels where he and his two friends were the only guests. In the latter part of this decade Nigel explored Singapore, Malaysia, Thailand, The Philippines, Indonesia and South Korea looking for new suppliers which culminated in Ridley Quiney being the first importer of throw-away thin carrier bags into the UK. This memoir also records the love affair between Nigel and an American pop singer which sadly failed even after trips to Moscow and Ibiza. Later another affair, was also doomed. This was also the decade when industrial unrest in coal mining, steel production and manufacturing was producing strikes as the demand and competition from abroad threatened their survival. Also the decade when our various governments seemed unable to deal with these problems to the point that the UK was likened to a Banana Republic. Nigel's love affair with America blossomed and in this period he took on the share of a flat in New York previously used by his friend, the musician and composer, Richard Rodney Bennett. In this exciting city Nigel promoted his Nigel Quiney Design products by taking space annually at trade shows and when not working took full advantage of the city's varied gay life. In Los Angeles, Nigel continued his close relationship with Edward and Gillian Thorpe and introduced his widowed mother to these trips where she became very much part of the entourage.
