**De Koude Oorlog** John Lewis Gaddis 2020-04-14 Zelfs de vijanden van James Bond zitten niet meer bij de KGB tegenwoordig. Je kunt je afvragen waar we 45 jaar lang zo bang voor zijn geweest. De Koude Oorlog, de strijd tussen democratie en kapitalisme (het Westen) en het internationale communisme (het Oosten), werd door iedereen als een grauwe en gevaarlijke periode ervaren. De aanleg van een kerwapenarsenaal door de beide wereldmachten zorgde in vele landen voor - achteraf bekeken - hilarische brochures en tips van de Bescherming Burgerbevolking ('Wenken voor de bescherming van uw gezin en uzelf'). In 2006 kan Lewis Gaddis opgelucht schrijven dat de Koreaoorlog eigenlijk het hoogtepunt van de strijd is geweest. Als Margaret Thatcher, Ronald Reagan, Michail Gorgatsjov, Paus Johannes Paulus II en Lech Walesa dat hadden geweten, was het IJzeren Gordijn dan eerder gevallen?

**One Flag, One Land: Teacher planning guide** Richard Carl Brown 1988 A textbook chronicling the birth and growth of the United States through the 1980's.

**World Civilizations** Philip J. Adler 2016-09-28 For an accessible, comprehensive global survey of the world's major civilizations, Adler and Pouwels's **WORLD CIVILIZATIONS** offers a great balance between detail and brevity. This unique student-oriented text offers 53 short chapters accompanied by strong pedagogy and critical thinking tools, giving instructors the flexibility to assign a wide range of major topics in world history in a variety of different ways, while making learning more manageable for students. The

focused treatment of topics throughout history covers every major epoch and follows broad patterns and processes, while illuminating history through specific examples and a particular emphasis on social and cultural topics. Among other updates, the eighth edition includes new content that illustrates how the world has become increasingly interdependent, gives more attention to the non-Western world and its peoples, and provides sharper focus on the importance of women in history. **The United States and Germany in the Era of the Cold War, 1945-1990** Professor of History Emeritus Heidelberg University Founding Director Detlef Junker 2004-05-17  
Publisher Description

**American Odyssey** Gary B. Nash 2002 A history of the United States in the twentieth century, featuring sociological and cultural events, as well as strictly historical, and using many pertinent literary excerpts. [The Last Million](#) David Nasaw 2020-09-15 From bestselling author David Nasaw, a sweeping new history of the one million refugees left behind in Germany after WWII In May 1945, German forces surrendered to the Allied powers, putting an end to World War II in Europe. But the aftershocks of global military conflict did not cease with the German capitulation. Millions of lost and homeless concentration camp survivors, POWs, slave laborers, political prisoners, and Nazi collaborators in flight from the Red Army overwhelmed Germany, a nation in ruins. British and American soldiers gathered the malnourished and desperate refugees and attempted to repatriate them. But after exhaustive efforts, there remained more than a million displaced persons left

behind in Germany: Jews, Poles, Estonians, Latvians, Lithuanians, Ukrainians, and other Eastern Europeans who refused to go home or had no homes to return to. The Last Million would spend the next three to five years in displaced persons camps, temporary homelands in exile divided by nationality, with their own police forces, churches and synagogues, schools, newspapers, theaters, and infirmaries. The international community could not agree on the fate of the Last Million, and after a year of debate and inaction, the International Refugee Organization was created to resettle them in lands suffering from postwar labor shortages. But no nations were willing to accept the 200,000 to 250,000 Jewish men, women, and children who remained trapped in Germany. In 1948, the United States, among the last countries to accept refugees for resettlement, finally passed a displaced persons bill. With Cold War fears supplanting memories of World War II atrocities, the bill granted the vast majority of visas to those who were reliably anti-Communist, including thousands of former Nazi collaborators and war criminals, while severely limiting the entry of Jews, who were suspected of being Communist sympathizers or agents because they had been recent residents of Soviet-dominated Poland. Only after the controversial partition of Palestine and Israel's declaration of independence were the remaining Jewish survivors able to leave their displaced persons camps in Germany. A masterwork from acclaimed historian David Nasaw, *The Last Million* tells the gripping yet until now largely hidden story of postwar displacement and statelessness. By 1952, the Last Million were scattered around the world. As they crossed from their broken past into an unknowable future, they carried with them their wounds, their fears, their hope, and their

secrets. Here for the first time, Nasaw illuminates their incredible history and, with profound contemporary resonance, shows us that it is our history as well.

*The American Nation* James West Davidson 1994-06 A textbook for United States history from earliest Indian civilizations to the present, with maps, charts,

activities, study questions, and review chapters. Global Engagement Janne Nolan 2010-12-01 Worldwide political changes have presented a unique opportunity for forging a new basis of international security relations. The end of the cold war, the dissolution of the Soviet Union, and the ascending role of the United Nations in regional security affairs have transformed the driving issues of international security. These changes both heighten the demand and offer the potential for global cooperation on an unprecedented scale. Traditional security preoccupations and the foundations of past strategy-based on preparation for massive military confrontation—are no longer appropriate. Now world leaders must find alternative strategies to ensure international safety. This book brings together a prominent group of experts, including several recently appointed government officials, to examine an alternative form of security, one that emphasizes collaborative rather than confrontational relationships among national military establishment. Global Engagement offers a complete analysis of the concept of cooperative security, which seeks to establish international agreements to regulate the size, technical composition, investment patterns, and operational practices of all military forces for mutual benefit. It explains how cooperative security also aims to create mechanisms to prevent the proliferation of weapons of mass destruction and regional conflict. The contributors identify the trends motivating the movement toward cooperative security and analyze the implications for practical policy action. They examine the problem of controlling advanced conventional munitions, analyze an integrated control arraignment, discuss international principles of equity and their relationship to problems of security,

and offer regional political perspectives while considering social regional security problems. With the altered security environment, cooperation has clearly become the new strategic imperative. Policymakers are challenged to dispose of large arsenals of conventional and nuclear weapons and redirect their efforts to support preventative management of security conditions. Leading the discussion of the security challenges ahead, the authors of this volume debate the utility of cooperative engagement for future strategy.

**USAFE Tactical Units in the United Kingdom in the Cold**

**War 1950 to 1992** Doug Gordon 2022-07-02 – With the recent invasion of Ukraine and a new Cold War between Russia and NATO, this is a timely evaluation of USAF operations between 1950 and 1992 – Aircraft of the period are covered in exhaustive detail from the F-86 Sabre to the Fairchild A-10 Thunderbolt, including the F-84 Thunderstreak, the F-100 Super Sabre, the F-4 Phantom the F-111 Aardvark and more – Gloriously illustrated with 459 images (166 colour), many of which are rare or unpublished from private collections – Of interest to aviation and military historians, modellers, flight enthusiasts and gamers such as IL-2, War Thunder and DCS USAFE Tactical Units in the United Kingdom in the Cold War 1950 to 1992 contains a history of all United States Air Force Tactical Air Command flying units that were resident in the United Kingdom during the period 1950 to 1992. 'From the cockpit' testimony from aircrew who were assigned to the individual squadrons and wings is an integral part of the

narrative, which is which is supported by 459 images, 166 of which are in colour. The tactical nuclear mission was central to the operations of many of the UK-based units and is covered in detail from its beginnings in 1952 with the arrival the 20th TFW and the 47th Bombardment Wing to the adoption by NATO of the doctrine of 'Flexible Response' and the eventual end of the Cold War. Also included are sections on the units that were temporarily deployed to the United Kingdom in support of the USAF and NATO operations. The comprehensive appendices contain essays on individual aircraft development, international events that had a direct bearing on the missions and deployments of the individual units, the support aircraft used by the wings, maps and tables.

*Social Studies for Secondary Schools* Alan J. Singer 2008-10-26 This popular text advocates an inquiry and activity-based view of social studies teaching that respects the points of view of students and teachers. Based in practice and experience, it offers systematic support and open, honest advice for new teachers, is conversational not pedantic, and provides lots of

examples. While the structure and most of the topics remain largely the same as before, this Third Edition presents new lesson ideas in every chapter especially designed to help new teachers to address learning standards, to work in inclusive settings, and to promote literacy and the use of technology in social studies classrooms puts a heavier focus on what is important to know and why includes new essays on the politics of social studies education responds to opponents of project- or activity-based social studies instruction and multicultural education with a sharpened defense of both of these approaches throughout the book Intended as a text for undergraduate and graduate pre-service social studies methods courses, this text is also useful for in-service training programs, as a reference for new social studies teachers, and as a resource for experienced social studies educators who are engaged in rethinking their teaching practice.
